

KIPS GYMNASTICS

Competitive Team

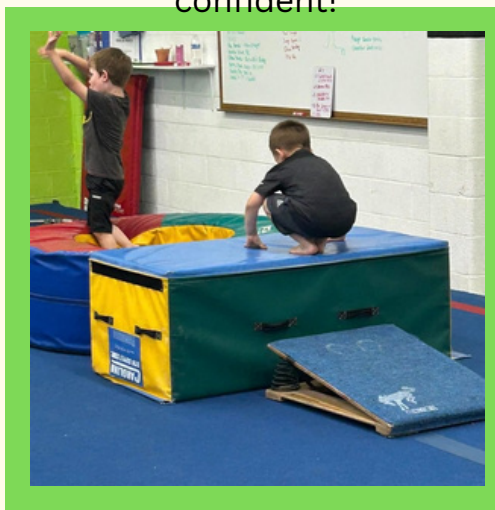

September was all about getting ready for meet season, and the TEAM gymnasts showed up ready to work. They sharpened the skills they built over the summer, chasing confidence and consistency on every event. That hard work is already shining through in cleaner skills and a stronger sense of belief. Next up, they begin learning their new routines!

Gymnastics Programs

September was a month of big smiles and even bigger progress in Girls Rec. The girls dug into the basics and grew more comfortable and confident with every class. Building these foundational skills are so important! The Boys Rec has been working on their overall strength and movements. Their jumping is getting more consistent and their rolls are getting more confident!

Active Einsteins

Our Active Einsteins kicked off the school year celebrating the arrival of autumn, and the little learners have been a joy. They counted, sorted, and bowled with apples, matched farm animals, and dove into all things harvest time. We have a wonderful group this year, and the new extended-hours option is off to a great start! A few openings are still available for the school year, so please contact us to secure your spot!

SUPERSTARS OF THE MONTH
